TRADING ON EXCHANGE IS REDUCED IN VOLUME

All Sorts of Excuses Used by Brokers to Get Away From the

BUSINESS FINISHED BY NOON

Figures of Express Company Englines show Mow Budly This Business Feels Parcel Post Competition.

BY BROADAN WALL.

New York, June 5.—Trading on the stock exchange was in much reduced volume, and with the business finished by neon. All sorts of excuses were used by neon. All sorts of excuses were used by brokers to get away from the dullness, and by 3 o'clock the Street was empty.

Traction stocks took a spurt, Brookiya Rapid Transit rising to 933-4 With Coney Island season open, and the company in a good position to handle increased traffic, favorable reports of carnings are expected. On July 1 the privilege of converting Brooklyn Rapid Transit 4s into stock expires, when a further advance in the stock is anticipated.

Interborough Metropolitan issues were firm, the preferred rising to 637-s. Brokers attempting to create speculative interest in this stock find their efforts frowned upon by bankers.

Steel stocks were neglected, although trade reports were decidedly encouraging. The market for pig iron is active, and recent placing of equipment orders means at least 140,000 tons for the Steel Corporation.

Union Pacific has under way 6,200 cuts, New York Cegural has placed orders for 7,300, Big Four, 5,000, and illinois Central, 3,500.

The market for copper metals shows no improvement, with the price barely steady at 14 cents. Little or no business is being booked, and a further cut is anticipated,

Virginia-Carolina Chemical was firm, ising 21-4. Texas Commany rose of the stock of

ness is being booked, and a further cut is anticipated. Virginia-Carolina Chemical was firm, rising 21-4. Texas Company rose a point. Figures compiled by the 1. C. C. of express company earnings show how badly this business feels the competition of the parcel post. For eight months the income from operating of eleven companies was \$709,000 against \$3.738,000 in 1913.

Foreign exchange was strong, again touching the high figures which make a record for seven years. An engagement of \$2.000,000 gold for shipment to Parls was announced.

Reports from Pittsburgh of a strike involving 7,000 employes of the Westinghouse Electric Company was responsible for a 1 point drop in the stock.

ingrouse Electric Company was responsible for a 1 point drop in the stock.

The little business coming from abroad reflects the pessimism that still exists in London and Paris. Arbitrage dealers were sellers of 6,000 shares. Preliminary estimate is that the banks will gain about \$2,000,000 on the week's currency movement. Call money dropped to 13-4, and time funds were shaded a quarter per cent. Crop advices continue favorable.

For April Great Northern gross earnings decreased \$914,000, and net \$920,000, and Western Pacific \$78,000 gross and \$94,000 net. The Virginian Railway increased gross \$90,000. Imports of dry goods for the week were \$2,825,000 against \$5,180,000 last week and \$1,702,000 last year. Some material for speculative activity should be found in next week's news. There is a government report on crop conditions, the Copper Producers' Association report on copper supplies, the steel trust's statement of unfilled orders, the Railway Association's return on idle cars and lastly the probability that the Interstate Commerce Commission may report on Eastern Ireight rates.

York, dune 5—An undercurrent of the was perceptible through to-day's itradium stocks. Foreign influence infavorable, and it was chiefly on this mit that the early market here was led to droon. London reported selling by the Continent, and in turn but 3,335 shares here. Traders took little set in the dealings, and the market quiet all day.
